DARREL PARKER CONFESSES STRANGLE-SLAYING OF WIFE

—New Eisenhower—

Ike A Grandpa For 4th Time

Blonde, Seven-Pound Daughter Born To Son And Barbara

WASHINGTON (INS)—President Eisenhower got a Christmas present from his daughter-in-law Wednesday—a blonde, seven-pound, two-ounce granddaughter who has been named Mary Jean.

Mrs. Barbara Eisenhower gave birth to the President's fourth grandchild at Walter Reed Army Hospital. Mr. Eisenhower was reported to be "delighted and very, very happy."

FORD'S SECRETS BARED

WASHINGTON (AP)—The fabulous Ford Motor empire, soon to shift from family to partial public ownership. We d n e s d a y opened its ledgers and bared these long-held secrets:

Assets, \$2,483,000,000; sales in the first nine months of this year, \$4,042,600,000; profits in the same period, a record-breaking \$312,000,000.

The company informed the Securities and Exchange Commission, in the registration statement required by law for the guidance of investors, that the Ford Foundation, Inc., will sell 10,200,000 shares of voting stock to the public.

It indicated the price would be \$75 a share, but set no specific figure at this time. If that price prevails, the issue will sell for 750 million dollars, easily the biggest equity stock flotation by any industrial concern in history.

The proceeds will go to the Ford Foundation, set up by the Ford family with the goal of "advancing human welfare." The tremendously rich foundation will reinvest the cash; its income then will no longer be wholly dependent on the Ford Co.'s fortunes.

Part of the proceeds from the sale of the shares will be used by the Foundation when it distributes 500 million dollars over the next 18 months to colleges and hospitals under a program announced last week.

The Weather

NEBRASKA: Partly cloudy Thursday; warmer; high Thursday 30° northeast, 60° southwest.

Ager Shocked

"I am completely shocked by Parker's confession," said City Park Superintendent James Ager upon learning of the startling development in the case. Ager added that he had had "faith and confidence" in Parker and the announcement of the confession came as a great shock.

Parker accompanied the Morrisons on the train trip to Des Moines before the funeral and has been living at the Morrison home since.

"I'm going to wait for further confirmation before I believe this is true," Mrs. Morrison said.

She said she heard a news report of Parker's confession but had not been contacted by police.

"Nothing that has happened be-

fore would make me believe that this is true," she said.

Mrs. Morrison said details of Nancy's slaying were not discussed by Parker since he arrived in Des Moines.

Mrs. Morrison said Parker had remained at the Morrison home following the funeral last Saturday for Nancy. "We've been receiving cards, flowers, food and other kindnesses from our friends and neighbors and Darrel helped answer the notes," she said.

The President's wife was just returning to the White House with her mother, Mrs. John S. Doud, when the happy news came from the hospital.

Mrs. Doud flew to Washington from Denver Wednesday to spend Christmas with the Eisenhowers at the White House.

Mrs. Doud was reportedly in good health and was "doing very well," according to the notes.

As Mrs. Eisenhower walked from the elevator to the family car for the return trip to the White House, she was asked the "color" of the infant's eyes.

"I don't know," she replied, laughing, "but she's very

infectious."

Fabulous Ford Story Unfolded

FAMILY RETAINS CONTROL

By SAM DAWSON

NEW YORK (AP) — The Ford stock registration Wednesday may stun you with the size and array of figures involved. But beyond the millions and the billions, lies another fact:

The imagination of the little fellows around the land obviously is struck by the fabulous Ford story — the great wealth built up out of a smidgen of capital — and the Ford Foundation's rocketing assets based on Ford stock holdings and its story-book donations.

Beyond the popular imagination, however, there are things to remember:

Larger Share

1. The Ford family isn't losing control of its company. It is, in fact, getting a larger share of the equity and a bigger share of future dividend payments. And it will be creating a market in which it could sell some of its stock if it ever needed to for inheritance tax reasons.

2. The Ford Foundation will be getting from 600 million to 750 million dollars to invest elsewhere. It indicates it will put the money first into government securities and then ease gently into other investments so as not to upset the balance of stock market prices.

3. Investors—in the midst of a tightening money market—will give every sign of being willing and able to put up the millions asked, at the price to be set next month.

4. Federal tax collectors will have a new revenue source—the tax on the income of the individuals who buy the stock and receive the indicated dividend of \$2.40 a year and also the tax on the expected increase in the income of the Ford family.

Wednesday's registration with the Securities & Exchange Commission has other economic guidelines:

One was the amount of shares to be offered for sale — from 6,900,000 to 10,200,000.

Another was the attempt being made to favor the little fellow. The brokerage syndicate handling the stock sale says bids for 100 or fewer shares get first crack at it, and a limit of 200 shares per person is recommended. Ford dealers and some company employees get an inside track.

Widespread ownership is sought, the company says, because the more shareholders the more persons who may be interested in buying the products of the company in which they have a financial stake.

Fahrnbrauch Gives Announcement

Deputy County Attorney Dale Fahrnbrauch sits at the desk of Police Chief Joe Carroll as he reads to reporters the announcement that Darrel F. Parker had confessed to the murder of his wife. At extreme left is Star staff writer Virgil Falloon. (Star Photo.)

Stevenson's Son Badly Injured In Crash Killing 2 Classmates

... Nebraska City Student Slightly Hurt

ELKHART, Ind. (UPI)—Adlai Stevenson's son John was hurt severely Wednesday as his car crashed into a truck on a railroad overpass east of Elkhart, killing two Harvard classmates riding home with him.

Killed as they rode beside young Stevenson in the front seat of his car were two Harvard University students, sons of wealthy Chicagoans—William Stanley North III, 19, Lake Forest, Ill., and William C. Boyden Jr., 19, Chicago.

The 19-year-old son of the 1952 Democratic nominee for president was taken to a hospital in Goshen with a broken right kneecap and severe face cuts and nine teeth knocked out. His condition was called "good."

A fourth student, James F. Gilligan, 19, Nebraska City, Neb., riding in the rear seat of the car, suffered minor injuries. Gilligan is the son of Dr. J. P. Gilligan of Nebraska City, formerly of Lincoln.

Cold Wave Numbs Eastern U.S.; Torrents Of Rain Strike West

MERCURY DIPS TO -47 IN UPPER N.Y.

Thousands Of Motorists Stranded

By The Associated Press

The Northeast Wednesday night remained gripped by the worst early winter cold wave in years. Temperatures as low as 47 degrees below zero were reported.

Gradual relief was forecast by the Weather Bureau, but not before late Thursday.

The numbing cold and its handmaiden, fire, plunged many sections of the area into misery. Two human derelicts froze to death in Jersey City, N.J.

Trains ran late, power failed, schools closed. Motorists by the thousands were stranded by stalled cars.

10,000 Calls

The New York Automobile Club handled 7,500 emergency road service calls Tuesday and about 10,000 Wednesday. Normally it gets 1,500 calls a day from New York City motorists. During the morning rush hour it got 1,000 calls an hour, compared to a normal 125.

There was little snow accompanying the cold wave. Clear blue skies in most places mirrored bright sunshine. But any warmth was dissipated in the frigid air.

In the Adirondack Mountains of Upper New York, a reading of 47 degrees below zero was reported at Ol' Forge. The lowest official reading was 30° below in the same general area.

Thermometers Explode

At Owls Head, N.Y., near the Canadian border, Postmaster Clarence Dufore said his two thermometers exploded when the readings hit 30° below.

The New York record is 52° below, recorded at Stillwater Reservoir in Saratoga County, Feb. 9, 1934.

The Hudson River, usually an open stream froze so fast above

New York City that a salvage boat was trapped in the ice near Tarrytown with six men aboard. It was the first time in years ice has impeded a river craft. A Coast Guard icebreaker moved in to free the vessel.

Oregon Streams Go Out Of Banks

PORLTAND, Ore. (AP) — Western Oregon streams went out of their banks Wednesday, families were evacuated from their threatened homes, schools closed, slides cut highways and rain still came down.

The McKenzie, the Umpqua and the Siuslaw were raging torrents. The Willamette, a damaging river near Eugene in years past, was being held in check by Lookout Point Dam whose reservoir was going up a foot an hour.

Mountain, snows melted adding fresh torrents.

The Siuslaw River at Mapleton, a dozen miles from the coast west of Eugene, was four feet above flood stage and still rising. A score of houses near the river were marooned.

Wood Crews Quit

All wood crews in the Mapleton area quit work and the U.S. Plywood Corp. mill closed down. Schools were dismissed.

Since Saturday night Mapleton had measured six inches of rain. Eugene's rainfall totaled 4.02

Gruenther III

WASHINGTON (AP) — Gen. Alfred M. Gruenther, supreme commander of NATO forces, underwent what was described as a minor operation at the Walter Reed Army Medical Center Wednesday.

A spokesman said in answer to questions that Gruenther entered the hospital on Monday. His condition was reported as "good" Wednesday night.

Ex-Telegrapher

S. S. Provorose Dies

Sylvester S. Provorose, 72, of 2513 Q, a former railroad telegrapher, died Wednesday.

A native of Brimson, Mo., he was a telegrapher in Deepwater, Mo., Belgrade and Valley. He was a Union Pacific agent for 36 years and a resident of Lincoln for 20 years.

Mr. Provorose was a member of the Belgrave Methodist Church, the Order of Railroad Telegraphers, and a former Mason and Odd fellow.

Surviving are his wife Carolyn; sons, Robert of Novato, Calif.; Glen of Denver, Colo.; Paul of Beatrice; daughters, Miss Lola Provorose of San Diego, Calif., Mrs. Paul McCormick of Providence, R.I., Mrs. Don DePriest of Lincoln; sisters, Mrs. Alfred Hellbusch of Belgrave, Mrs. Mary McClure of Brimson, Mo.; brother, Ira of Columbia, Mo.; 14 grandchildren and four great-grandchildren.

To Hold Up

inches in the 24 hours ending Wednesday morning.

Jones estimated the 10 per cent average increase for all classes

Record Amount Of Christmas Mail Being Handled Quickly

Christmas mail, hitting record-shattering proportions of the Lincoln Post Office, is being promptly delivered, Superintendent of Mails Gerald D. Jones said Wednesday.

All mail is current with delivery schedules, Jones said, explaining that good weather, expected to continue through Christmas, was a contributing factor.

While there's no backlog, some postal employees are putting in a 12-hour day to keep pace, he added.

Meanwhile, Postmaster O. E. Jermer said the Christmas day delivery of gift packages would be made to all parts of the city on Sunday. The usual special delivery service will be maintained.

None Monday

However, no deliveries will be made on Monday. The usual holiday collections will be made, he said.

Christmas business is averaging about a 10 per cent increase for the month through Dec. 20 as compared with a year ago.

Postal receipts for the period are \$232,431 as compared with \$200,731 last year.

The outgoing peak was hit Monday, but the shift to incoming is now being felt. Outgoing parcel post Tuesday was 47,390 and incoming 61,321 pounds, compared with 44,155 a year ago.

To Hold Up

Jones estimated the 10 per cent average increase for all classes

ARTHUR GRISWOLD

would hold up for the month over a year ago.

The total pounds and percentage of increase over a year ago through Wednesday were:

Income	126,384 pounds	9.2%
Fourth Class	824,776 pounds	5.9%
Others	252,261 pounds	12.9%

Outgoing	139,040 pounds	14.7%
Fourth Class	678,209 pounds	1.3%
Others	425,597 pounds	8.5%

Washed Ashore

RIO DE JANEIRO, Brazil (AP) — Brazilian authorities said the hull of a submarine has been washed ashore on the coast of Bahia State about 900 miles south of the equator. It is believed to be a German submarine sunk in World War II.

Residents of the area said several sea battles were fought off the coast in which British ships claimed U-boat kills.

Waverly Native Alice Mocroft Dies

Alice Mocroft, 66, of 234 Q, a native of Waverly, died Wednesday.

Miss Mocroft had lived in Lincoln for two and a half years and was a member of the Methodist Church. Survivors include several cousins, in her yard.

Not One Happy Family

George Thiem, writing in the Chicago Daily News recently, noted that Cotton State delegates lost their attempt to exempt cotton and tobacco from the American Farm Bureau Federation's flexible price support program.

There may be repercussions from the controversy and possibly secession by one or more state Farm Bureau Federations from the national organization, Thiem added. The fight was led by H. L. Wingate, Malcolm, Ga., president of the Georgia Farm Bureau and E. H. Agnew, Columbia, S. C., president of the Carolina Farm Bureau Federation. Wingate told the national group, according to the Daily News, that "he

might not be able to hold his Georgia Farm Bureau members in line and continue their membership in the AFBF if the latter backs away from 90 per cent supports. This stand of the national organization (for less government support) has already cut my membership to the bone."

Obviously there is no united happy family in this continuing discussion of an acceptable, effective, farm program for the American people. And it will not be long now. In a matter of another fortnight Congress will be getting down to business and one of the very first chores to be tackled will be enactment of farm legislation.

Unity so urgently needed becomes less likely.

An Aroused Chicago

Chicago is a windy city with a big voice and when its pride is hurt the results run up into high decibels and woe to all within earshot.

It was that way this week when Chicago took out after Omaha on the subject of who has the biggest livestock market. If words and indignation have anything to do with it Omaha will never buy another steer or pig and never, never say again that it has a market bigger than Chicago's no matter what the figures say. And we can say for Omaha, it is unimpressed by the boasts from the shores of Lake Michigan. This inter-city exchange looks like it will be performed by competent vocalists and the show will be protracted and stimulating.

But we are again reminded that markets are a function of the livestock industry and if there is a

villain in the piece it is the state of Nebraska which for a couple of decades now has been turning out prime cattle and hogs in ever increasing abundance. If Omaha is winning it is because Nebraska is winning and if Omaha is going to decline, Chicago to the contrary notwithstanding, it is because of depressed conditions out in the state's ranges and feedlots.

This reminds us that with prices the way they are and the Benson farm program the way it is life is growing dreary in the state's fields and meadows—something that is far more vital to the state's economy than the angry histories of an inter-city name-calling contest. Let us address ourselves more urgently to the restoration of full agricultural prosperity and the Omaha-Chicago row will take care of itself. Omaha will win it.

"Give these people time," he said. "There will be an agreement, but it takes time. Some of them have new governments at home and we have to give them time to get settled."

He referred to the fact that the government of Lebanon had been in office only four days and the government of Syria only eight days.

Premier Nasser was probably too optimistic. But when you consider that California and Arizona, two relatively peaceful states, have been squabbling over water from the Colorado river for 20 years, you can concur with Premier Nasser that the Arab-Israeli group

There are many arguments that can be presented both for and against the proposed amendments. Uppermost in the minds of those responsible for the city's laws, however, should be the home owners themselves. The Planning Commission and City Council, in considering this legislation, should do nothing that will tend to cut down home ownership by making the price of homes higher or financing more difficult.

These two amendments, particularly the one dealing with special improvements, could have far reaching and long lasting effects upon the city. Lincoln is known for its high percentage of home ownership and this is an important factor in the spirit which characterizes this community. It seems the people of Lincoln have always had more than an average amount of pride in their city and more than just a normal desire to improve the community in which they live.

A great deal of this sentiment stems from the fact that a large number of the residents of Lincoln own their own homes and thus have a real stake in the future of this area. Real estate in Lincoln and Nebraska already suffers to a great extent through taxation. Anything which would place an additional burden on the home owner could well be the straw to break the camels back.

Certainly, the Planning Commission and City Council will look at these proposed amendments from every possible angle before taking any affirmative action. The builders and realtors, of course, have selfish interests as well as others among their objectives but a healthy building and real estate industry accreses benefits to the entire community as well as itself.

Russia's Atomic Ship

It is expected that the discovery of nuclear energy will bring an invasion of every known field where power plays a part. The United States has already taken it from land down to the sea in the form of an atom-powered submarine. It was a notable first.

But it appears that Russia is going to move out in front in the field of non-military shipping though the U.S. was first in expressing interest in a nuclear powered merchant ship as a show piece. President Eisenhower was unsuccessful in his request to the recent Congress for money to build such a ship and send it to the world's ports loaded with atomic exhibits.

Russia has announced that it will build an ocean-going ship for arctic and subarctic travel, employing both nuclear power for cruising and atomic heat for ice melting. One must admit that such a novel ship will, if successful, provide the world with a new facility, greatly extending the limits of navigability of the oceans and broadening trade routes.

It challenges the United States for in this new world we live in the polar regions have taken on new value—urgent importance that no major power can afford to dismiss. It will not be mimicry if the United States matches Russia because there are times when international rivalry emphasizes originality and progress. That much of it is to the good.

STANTON DELAPLANE

POSTCARD

When I think of the good intentions I have had all these years, I feel very sorry for myself.

My intentions are excellent. I doubt if there is anywhere in the world you will find a shinier, prettier set of chrome-plated intentions.

My intentions each year are to do my Christmas shopping early. I have even announced these intentions. I am ashamed to say that I was so sure of my intentions that I announced them, you were already fulfilled.

"Done all my Christmas shopping already," I announced in November. "All finished and nothing to do but wrap them." * * *

As a matter of fact, this was a bald-faced lie. It was just that I was so sure of my intentions that I sort of anticipated them, you might say.

People looked at me with respect.

"There is a man of good intentions," they said, respectfully. "Also he has got all his Christmas shopping done."

I sat there over the hot, buttered rum and looked modest. Modest, but firm and executive. A man who plans carefully and gets it done. Also with good intentions.

Now I intended real good to go down and shop the next day. But that was the day I was sharpening my pencils. Or taking my mandolin lesson or something.

Anyway, something important interfered. And, woe is me, here I am perspiring through the ladies' undergarment counter again, sobbing:

"I don't know the size, ma'am. But she wears a 21 hat."

Nothing is more frustrating than the day before shopping. Perfume is safe, but unimaginative. Household gadgets? No romance.

"How much is that fur coat, ma'am?"

"This one? \$1500. Beautiful. Shall I show it to you?"

"No, thank you. I was just looking."

Wow! That was close.

Books? No. Imply brains, but not beauty. Gloves? There's the size problem again. One of those thin, Italian umbrellas, maybe? Not enough rain.

How did I ever let all this time go by?

* * *

I trust it will be engraved on my tomb. How, with the best intentions in the world, I was trapped year after joyous year in the maddening rush.

Here lies a man of good intentions. Each year he intended. But he failed miserably. He was punched by lady shoppers and his back was a network of holes left

NORTH PLATTE BUS PROMOTION PLAN 60-DAY TRIAL IS APPROVED

A proposal which the North Platte City Bus Lines hopes will stimulate passenger business has received the "go ahead" signal on a 60-day trial basis if the city council is agreeable, Director Don Boyd of the State Railway Commission's Motor Vehicle Department said Wednesday.

Boyd said he was writing Cecil F. Woodgate of the bus company of the decision "to see how it works out."

The retail committee of the North Platte Chamber of Commerce already has approved the plan, according to Woodgate.

"Actually there is no change in the present 15-cent adult cash fare," Boyd explained. For this reason, it was not considered necessary to hold a hearing at this time.

Under the proposal, a passenger would pay 25 cents on entering a bus headed downtown. He would receive a ticket which could be redeemed for 10 cents on a purchase of a dollar or more at a participating store.

Older Needs

CHICAGO (INS) — Executive opportunities for older men are increasing. Glen B. Warren, vice president of General Electric Co., in a report to the American Society of Mechanical Engineers, said there is a greater demand for more and better managers because of an accelerated growth and the complexity in American business.

Warren said: "Experience indicates that the vast majority of successful managers in business generally are mature men in their 40's and 50's, sometimes running into the 60's."

The State Supreme Court is asked in a brief filed Wednesday to reduce the 10-year prison sentence of Michael Salerno of Omaha for rape and allow the time at the time of the incident.

Gisele Rated No. 1

MONTREAL, Que. (INS) — Gisele MacKenzie, now starring in U.S. radio and television, was voted Canada's leading artist of 1955, in a poll of disc jockeys.

INDIAN CHILDREN HAVE CHRISTMAS PARTY

Children from some of the 50 Indian families in Lincoln are giving rapt attention to the young

Here In Lincoln

Roper & Sons Mortuary.—Adv. Clubs Join For Party—Wives will be guests of the Lincoln Optimist and the Sunrise Optimist clubs at a joint Christmas party Thursday noon. The Rev. Thomas C. Dick, pastor of First Plymouth Congregational Church will be the speaker. The Lincoln High School Octet will provide the music.

Wadlow's Mortuary.—Adv.

Musical Program — A musical program will feature the Sertoma Club meeting Thursday noon. Clark McCabe is in charge.

Roberts Mortuary.—Adv.

Club To Hear Pastor — The Rev. C. A. Viehe, assistant pastor of First Plymouth Congregational Church will be the speaker at the Knife and Fork Club meeting Thursday noon.

Hodgman-Splain Mortuary.—Adv. NU Football Highlights — A film of the highlights of the 1955 Cornhusker football games will be shown at the Lions Club meeting Thursday noon.

Midwest Roofing for all types of Roofs and Siding. 5-2510.—Adv.

Settlement Approved — A \$1,000 lump sum settlement to Bartel Skibbe from Elks Lodge No. 80 for alleged back injury received March 12 during employment, has been approved by the Lancaster District Court.

Skating Good — Park Superintendent James Ager reports ice skating good on all city ponds.

accordion player who helped entertain them at a Christmas party at Belmont Community Center. Santa climbed down the chimney and brought presents to the 105 Indian children at the party which was organized by Policewoman Hulda Roper and Zora Tennant, Lincoln Schools

truant officer. Several University of Nebraska fraternities and sororities donated gifts or cash. Women of Havelock Methodist Church served lunch. The Christmas party for the children was one of a series of "Indian Night" parties held at the Belmont Center since March. (Star Photo.)

Fifty Indian Families Take Part In Activities Of Newly-Formed Club

A recently-organized Indian Club for the 50 Indian families in Lincoln has a well-rounded program set up for the 135 family members.

Clyde Sheridan, a guard at Veterans Hospital, is president of the club which resulted from a "family night" at Belmont Community Center.

Chet Dill, Belmont Center director; Zora Tennant, attendance coordinator in the Lincoln Public Schools; Mrs. Hulda Roper, police woman, and Mrs. Doris Pierce, assistant city recreational superintendent, helped organize the program.

The Belmont Center handicraft director has provided a class for girls, the playground director organized games for boys and the woodwork instructor conducts a class for men and boys.

The adult home and family life department of the Lincoln City Schools has provided an instructor in homemakers' handicrafts for the women.

The department plans to give leadership in other areas such as parent education, food and clothing

Christmas Gifts Taken From Car In Park Lot

Several Christmas gifts were stolen from the rear of a car parked in a supermarket parking lot while the owner was in the store shopping for groceries Wednesday.

James D. Whiteside told police that \$34 worth of gifts was taken from his car. He said he was inside the store only 20 minutes when the theft took place.

Israel-Arab Raids Could Flare Into War—Truce Chief

UNITED NATIONS, N. Y. (INS) — The United Nations truce chief in the Holy Land warned the Security Council Wednesday that "retaliatory" raids between Israel and the Arab countries could get out of control and develop into "full-scale hostilities."

Gen. E. L. M. Burns of Canada drew attention to this rising danger to middle east peace in a detailed report submitted to the council on the raid Dec. 11 staged by Israeli forces against a Syrian military post on Lake Tiberias.

The Syrians claimed that 56 of

their soldiers, civilians and police were killed in the ensuing shooting.

The Security Council is meeting Thursday afternoon to consider the report. Syria has demanded the expulsion from the U. N. of Israel.

Armistice Breakdown

Although there is little likelihood that the council will take any punitive action other than perhaps censure Israel, Gen. Burns drew attention to the breakdown of Armistice machinery in the Holy Land. He stated that as long as neither Israel nor the Arabs scrupulously make use of the negotiation machinery under the armistice, any suggestion of direct settlement of incidents "is probably not realistic."

The report blamed the raid on series of incidents between the Syrians living on the shores of Lake Tiberias and Israeli fishermen doing their fishing in boats, especially at night. Lake Tiberias is strictly within the Israeli border.

Israeli sources said Ambassador Abba S. Eban Thursday would put documents before the council allegedly captured from Syrian forces. The documents are intended to show that Syria planned to deny use of Lake Tiberias to Israel.

An Israeli delegation spokesman said:

"Syrian documents which have reached us prove conclusively that the Syrian government has instructed its outposts to deny use of the Lake of Galilee (Lake Tiberias) to Israel by shooting on boats approaching the northern shore."

The long report carefully detailed the events leading up to the Sunday raid into Syria, and added:

Deliberate Violation

"The Israeli action of the night of December 11 was a deliberate violation of the provisions of the general armistice agreement, including those relating to the demilitarized zone, which was crossed by the Israeli forces which entered Syria."

"Like the Kibya and Gaza incidents with which the Security Council has had to deal, the Tiberias incident has been explained by Israel as a retaliatory action on a large scale. In these three cases Israel forces have acted by surprise, and, after striking a heavy blow, they have returned to their base."

"There is, however, a risk in such retaliatory action, namely that the attackers may not be able to limit the extent of the operation to that planned. Such actions may well produce a violent reaction by

the forces of the attacked country and what had been conceived as a limited raid develops into full-scale hostilities. In the present atmosphere of tension and military activity, this possibility must be settled."

In regretting the collapse of "Mixed Armistice Commission" meetings (negotiation machinery established for direct talks between Arabs and the Israelis), Gen. Burns stated:

"If there were a possibility that the two parties would co-operate

Earl Guy Sterns Rites At Raymond

Funeral services were held in Raymond for Earl Guy Sterns, 68, of Raymond, who died after an illness of several months.

Mr. Sterns had lived in Raymond all of his life, with the exception of two years which were spent farming near Hallam. In 1908 he was married to Etta Grace Drake.

Survivors are his wife, Grace; sons, Wendell A., Donald D., and Leslie E., all of Raymond; daughters, Mrs. Doris Jordan and Mrs. Lois Nieman, both of Lincoln; Mrs. Marjorie Ang and Mrs. Emily Schweitzer, both of Raymond; brother, Albert O. of Raymond; sisters, Mrs. Eva Herr and Mrs. Winnie Duling, both of Lincoln; Mrs. Pearl White of Portland, Ore., and 16 grandchildren.

tween Israelis and their Arab neighbors placidly settled various incidents and border disputes which cropped up. He recommended that such "gentlemen's agreements" could be applied in more serious cases, especially in the policing of Lake Tiberias and by the border guards under whose guns the fishing boats must operate.

Gen. Burns cited instances where personal and informal talks be-

AIRMAN FINED \$100 FOR 82 MPH IN CITY

A \$100 fine and 10 days in jail were meted out to a 21-year-old airman Wednesday who pleaded guilty to a charge of reckless driving.

Motorcycle Officer Orley Barker told Acting Municipal Judge Nate C. Holman he clocked the airman at 82 miles an hour within the city.

The fine was the maximum penalty allowed.

New Contract

SOUTH BEND, Ind. (INS) — Studebaker division of Studebaker-Packard Corp. announced tentative agreement with the CIO-United Auto Workers Union on a new contract covering approximately 11,000 workers in South Bend.

The division said the new contract would be competitive to pads signed earlier this year between the union and the auto industry's "big three"—General Motors, Ford and Chrysler.

Buy Power Of Factory Worker Up

... Federal Report

WASHINGTON — Comparatively stable living costs plus higher take-home pay brought the average factory worker's purchasing power to a new peak in November.

This was reported Wednesday by the Labor Department's Bureau of Labor Statistics. It said that between October and November living costs rose 1.10 of 1 per cent. The average factory worker's pay — after taxes — climbed an approximate 80 cents a week to an average of \$72.85 a week for a worker with three dependents and \$65.49 for a worker with no dependents.

6.8 Per Cent Climb

This means, the department said, that the purchasing power of the worker with three dependents climbed 6.8 per cent in the 12 months ended November, 1955. Dollarwise, the take-home pay of this worker was \$4.67 higher than it was a year ago. This was the sharpest year-gain in five years.

More Overtime

It said the 12-month boost in pay resulted from longer hours of work, more overtime pay and increased wage rates.

Aryness Joy Wickens, deputy commissioner of the Bureau, termed the year's increase in workers' purchasing power "enormous." She emphasized at a news conference preceding release of the statistics that the cost of living has been close to stable for the last three years — the longest period, other than the price control years of wartime, since the 1920s.

NU Med College Looks Ahead To Future Expansion

OMAHA — The University of Nebraska College of Medicine asked the City Council to zone a 30 acre tract east and north of the campus for future expansion.

The college now covers 26 acres and the university is buying seven additional acres at the northwest corner of the campus for the Children's Rehabilitation Center. The additional 30-acre tract amounts to 12 city blocks.

Dr. F. Lowell Dunn, building committee chairman, said the university has no immediate plans for expansion but would like to limit development in the area to enterprises which will fit into the Medical Center idea.

School Bus-Train Crash Suit Brings \$9,336 Damages

A Federal Court jury has awarded \$9,336 damages to Mrs. Julia Harvey Schmidt on behalf of her daughter, Maxine Harvey, 14, who was allegedly injured in a Nov. 22, 1954, bus-train collision on West A.

Defendant was the Lincoln City Lines; the Burlington Railroad was dismissed as a defendant by the plaintiff before trial on a stipulation.

Miss Harvey of 422 West A was a passenger on the City Lines school bus at the time of the accident.

Reprimand For Ex-Judge Sought

The Supreme Court Wednesday received a recommendation that Merton O. Bates, former Dawson County judge, be reprimanded for practising law in District Court while he held office.

Lester R. Stiner, Hastings attorney acting as referee in the complaint brought against Bates by the State Bar Association, pointed out that the Lexington man is now 68 years old and has limited his practice because of his age.

Off To Washington

That last minute packing to which Mrs. Charles Thone is giving her undivided attention, seems to be well supervised by Mr. Thone whose packing, apparently, is finished.

Mr. and Mrs. Thone left on Tuesday for Scottsbluff where they will spend Christmas with

Lookout Club Has Program

Mrs. Dorothy Eikmeier was hostess Tuesday afternoon to the members of the Lookout Extension Club at the group's annual Christmas party.

The lesson, "Christmas Greens", was given by Mrs. Lester Thompson.

Pupils Give Christmas Pageant

Pupils of District 113 School entertained members of the PTA Tuesday evening at a Christmas program which featured a pageant, "The Littlest Shepherd."

Members of the cast were (left to right) James Ritchey; Danny Reel; David Krumm Jr.;

Mary Folmer; Rosemary Barker, as the angel; Lee Purbaugh, the "littlest shepherd," Bill Folmer; Loretta Lucky as Mary; Neil Litt as Joseph; and the Three Wise Men, Jimmy Litt, Dick Durham and Paul Rudolph.

Christmas songs were presented by the kindergarten and first grade pupils, and speaking "pieces" were Trudy Johnson, Loretta Tubbs, Jimmy Brit and Conrad Fuss.

Accompanying the carol-singing was Tex Hall, who played the electric guitar, and the program was followed by a social hour and cake sale.

Around The Town

IT'S a merry, merry morning—just the sort of morning it should be, since it is just the day before the day before Christmas Eve—but the news has something to do with the merry-merry feeling, too—it's quite festive, and we'll do our best to get it told.

WE like the plans Mr. and Mrs. James Stuart have for the pre-holiday week—On Tuesday evening Mr. and Mrs. Stuart entertained their Piedmont neighbors at a 5-to-7 o'clock canape party at their home—

And this evening Mr. and Mrs. Stuart will be host and hostess to another group of friends who have been invited

BSP Chapters Entertain

The Christmas party of Iota Chapter, Beta Sigma Phi sorority, was held Wednesday evening when the members were entertained at dinner by the chapter president, Mrs. Spencer Owen.

Following the dinner, which was held at Twin Pines, the evening hours were spent informally and the members exchanged gifts.

Alpha Tau chapter members, Beta Sigma Phi, held their Christmas party last Saturday evening when they entertained their husbands at a hayride at Denton. Later in the evening, the group went to the home of Mr. and Mrs. William L. Ferguson for refreshments and a gift exchange.

Hostesses for the evening were Mrs. Carl J. Dietrich, Mrs. Albert G. Pekar, Mrs. William L. Schneidig, Mrs. A. R. Way and Mrs. Ferguson.

We Hear That

Mr. and Mrs. Donald Wilson are the parents of a daughter, Debra Lynn, born on Wednesday, Dec. 21, at St. Elizabeth Hospital. Mrs. Wilson is the former Claudette Hof, daughter of Mr. and Mrs. Claud Hof.

for 5 o'clock until 7 o'clock.

AND someone just told us that Mr. and Mrs. John Burrell held a pre-holiday open house at their home last Sunday when they were host and hostess to 100 guests.

ON Friday evening Mr. and Mrs. Thomas C. Woods, Jr., who with their family, arrive on Friday morning from Cleveland, O., to be the holiday guests of Mr. Woods' parents, Mr. and Mrs. Thomas C. Woods, will be honored by Mr. and Mrs. Craig O'Brien who have invited guests for a 5:30 o'clock to 7:30 o'clock party.

HEAR that Chief and Mrs. James Wichman and their children, Karen, Jimmy and Bobby, will be arriving on Friday evening from Lakehurst, N. J., where Chief Wichman is stationed with the navy, to spend the holidays with Chief Wichman's parents, Mr. and Mrs. H. L. Wichman.

Betrothal Announced

MISS MARY LOUISE REINHARD

Announcement of the engagement of Miss Mary Louise Reinhard, daughter of Mrs. O. A. Reinhard, and the late Dr. Reinhard, to Thomas Laird Griffin, son of Mrs. Gilbert Griffin of Santa Barbara, Calif., is made this morning by the bride-elect's mother.

The wedding is planned for Saturday, Jan. 14, and the ceremony will be solemnized in Santa Barbara.

Miss Reinhard was graduated from the University of Nebraska where she is a member of Alpha Phi sorority.

Mr. Griffin is a former student at the University of California at Santa Barbara.

AND Friday also is the day that Miss Dena Silverman arrives from Chicago to spend the Christmas week-end with her brother and sister-in-law, Mr. and Mrs. Joseph Silverman.

NEWS from York has to do with arrival, too—one that will be of interest to the Nebraska chapter of Tau Kappa Epsilon—Young Mr. Daniel Patrick Gillen arrived on Dec. 19, and will be among the TKE legacies come 17 years hence. Anyway, Daniel Patrick is the son of Mr. and Mrs. Don Gillen, and his mother is the former Marilyn Peterson, daughter of Mr. and Mrs. Vincent Peterson of Julesburg, Colo., and Sigma Kappa at Nebraska. The paternal grandparents are Mr. and Mrs. Frank R. Gillen.

SOMEONE told us that numerous of the campus crowd were in Omaha on Wednesday evening to attend a holiday party for which Alpha Phi's Marilyn Basler was hostess at her home.

Holiday Guests From The West

The tree was trimmed, and all of the Christmas decorations were ready and waiting to wel-

Lincoln PTA Groups Meet

The December meeting of BELMONT PTA was held Wednesday afternoon at the school

Golden Wedding

Mr. and Mrs. Frank Owen observed their Golden Wedding anniversary on Wednesday when they were host and hostess to members of their family at home, 157 So. 30th. The couple was married in Lincoln on Dec. 21, 1905.

Present for the anniversary were Mr. and Mrs. Owen's son, Frank Owen, Jr., and their daughters, Mrs. Veneas Lu-thultz and Mrs. Vernon Wending, and Mr. Wending, all of Lincoln.

Not able to attend were the couple's daughters, Mrs. Melvin Shipp of Omaha, Mrs. Cecil Middleton of North Platte, and Mrs. Nina Pearl Neve, Portland, Ore.

Madam Chairman

Ladies Day Out, 1 o'clock to 3:15 o'clock program for the members and their children at the YWCA.

Optimists Christmas luncheon at the Hotel Cornhusker with Opti-Mrs. members as guests.

Cambridge-Lincoln Club, 1 o'clock luncheon at the home of Mrs. Theodore Miller, 1817 So. 24th.

come Mr. and Mrs. Robert Glover, their son, Bob Jr., and their daughter, Cathy, who have

come from Burbank, Calif., to spend the holidays with Mrs. Glover's father, George L. Towne, and Mrs. Towne.

Mr. and Mrs. Glover and their children arrived earlier this week and have been kept on the hop, skip and jump with informal courtesies which will continue during their stay in town.

Mrs. Glover is the former Jean Towne, Kappa Alpha Theta, at Nebraska.

Plan Party On Friday

The officers and their wives of the Lincoln Air Force Base 307th bomb wing will meet for an eggnog party Friday afternoon at the Officers Club on the base. The party will be held from 4:30 o'clock to 6:30 o'clock.

Nurses Group Holds Party

The annual Christmas party of the Lincoln Practical Nurses Association was held last Wednesday evening following a dinner at the Lincoln Hotel.

Program chairmen for the evening were Mrs. Donna Holze and Mrs. Tel LaNoue, and Mrs. Fern Schroeder, president of the group, gave a short talk. The 29 members spent the evening hours singing carols and playing games after which a gift exchange was held.

New Officers Of NCO Wives Club

New officers of the Lincoln Air Force Base Non-Commissioned Officers Wives club were installed Wednesday evening following a Christmas dinner at Twin Pines. They are: (left to right) seated, Mrs. Albert A. Ponsock, president; Mrs. George E. Vogel, vice president, and Mrs. Jack Oreywiler, second vice president; standing, Mrs. John Droz, treasurer; Mrs. Luke L.

Draffin, assistant treasurer; three members of the board, Mrs. Charley L. Watkins, Mrs. William H. Lay and Mrs. Larry Reynolds. Not shown is Mrs. Armin A. Kumm, secretary. (Star Photo.)

Gillen Rites Here; Founder Of Candy Firm

Private funeral services will be held in Lincoln Tuesday for Frank E. Gillen, 86, former Lincoln candy manufacturer.

Mr. Gillen died Tuesday in Los Angeles, Calif.

A native of South Bend, Ind., he came to Lincoln in 1893. Mr. Gillen had moved to California eight years ago. He was a founder of the Gillen-Boney Candy Manufacturing Co.

He was a former director of the Provident Savings and Loan Association and the old German National Bank, and treasurer of the Masonic Building Corporation.

A life member of the Chamber of Commerce, Mr. Gillen had also served as a member of the executive committee of the National Confectioners Association.

He was a member of the Shrine and Odd Fellows and held all Masonic degrees.

Surviving are sons, Frank R., and Irvin F., both of Lincoln; Ronald D., of Cedar Rapids, Ia.; and 10 grandchildren.

State Medical Group Claims Life Expectancy In Nebraska Near Top

Statistics claiming the longest-living people in the United States are Nebraskans were released Thursday by the Nebraska State Medical Association.

This data, the association said, should remove all doubt as to where the expectation of life is and has been the highest.

Mrs. Grace Walther Services Friday

Funeral services for Mrs. Grace Elizabeth Walther, 68, of 6446 Morrell, will be at 2 p.m. Friday at Roper and Sons Havelock Mortuary.

Rebekah services for Mrs. Walther, who died Wednesday, will be held at the mortuary. The Rev. Merlin Dana will officiate, with burial in Fairview Cemetery.

Mrs. Walther had been a resident of Lincoln for 40 years, and was past noble grand of Vesper Rebekah Lodge No. 375.

Surviving are a daughter, Mrs. Dorothy Bostow of St. Paul, Minn.; four grandchildren, and two nieces.

Formalities Delay Jet Mishap Report

Findings of the investigation into the causes and results of the runaway jet catastrophe at the Lincoln Naval Air Station may not be known for some time.

The informal board of investigation expects to complete its witness interviews and other phases of its probe on Friday and return to the Naval Air Reserve Training Command at Glenview, Ill.

A NAS spokesman said Wednesday the Board would make its report to Rear Adm. Daniel V. Gately, chief of NARTC.

The three-officer board, headed by Capt. W. R. Hollingsworth, expects to depart here Friday noon by plane, he added.

Capt. Hollingsworth, through a NAS spokesman, said that under Naval law binding upon the board no findings or recommendations contained in the record or its investigative report can be published or disclosed without the sanction of the appointing or higher revealing authority.

Thursday, December 22, 1955 THE LINCOLN STAR 13

Pedestrian Accident Injures Man Slightly

Max Storkan, 69, YMCA, suffered a scalp cut Wednesday afternoon when struck by a car at 13th and P.

Storkan was treated and released from Lincoln General Hospital. Driver of the car was Larry H. Reichwaldt, 2031 Q.

The injured man was crossing P St. toward the northeast corner when the car hit him and knocked him to the pavement.

Efforts Continue

LONDON (INS)—British Colonial Secretary Alan Lennox-Boyd said the government was continuing its efforts to reach a political settlement on Cyprus. He told the House of Commons that the "question still is under close examination."

U.S. Offers Help In Pathan Dispute

WASHINGTON (AP) — The State Department reported Wednesday the United States has offered its good offices to Pakistan and Afghanistan to help them settle a dispute involving Pathan tribesmen living in both countries.

The Afghans want to create a new country for seven million Pathans which would carve a large slice out of Pakistan's northwest territory, including historic Khyber Pass. Pakistani refugees to consider such a proposal.

Press officer Lincoln White told a news conference the United States offered its aid as "a friend of both countries." He added that the department has expressed hope that "existing difficulties be reconciled."

It's a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 4. The result is your key number. Start at the upper left-hand corner of the rectangle and count every one of your key numbers, left to right. Then read the message the letters give you. Registered U.S. Patent Office

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

How would you like to get that far back than Double Z in the dictionary? We suggested that India let Khrushchev lead the "open sesame" cheers while standing on a trap-door.

We let him go for a couple of whirs with a dervish while wearing the Indian rope trick for a leveller.

Khrushchev's idea of stirring up peace is to open the doors on the monkey house, pour oil on the burning waters and put non-skid tires on the car of Juggernaut.

There hasn't been a good-will ambassador like Khrushchev since the fox learned to fly with the chicken feathers in his teeth.

Topeka Invited To Join Western Loop; O'Neal Hobbs Sure City Will RSVP

The Western League's chances of receiving a late Christmas present — the addition of Topeka, Kan., as an eighth member — seemed good Wednesday night, according to League President O'Neal Hobbs of Pueblo.

Hobbs was in Lincoln Wednesday night after returning from Topeka, where Western League officials invited Topeka to join the Class A League and asked for an answer by next month.

The invitation was made to members of the Topeka Chamber of Commerce sports committee. The committee and other Topeka fans expressed enthusiasm over the possibility of a return of organized baseball to the Kansas capital.

Wasn't Rosy

Hobbs told The Star Wednesday night that "When we first sought Topeka as a replacement for Wichita in the Western League, the picture wasn't rosy. When I left To-

peka, it seemed like there is a wonderful chance for that city. The financial burden is a lot less than was early expected."

Topeka was the leading candidate for replacement of Wichita, which was drafted into the Class AAA American Association.

There were good reasons why the picture in Topeka "wasn't rosy," however.

Old Debt

One was an existing debt reported to be in excess of \$20,000 — a leftover debt from the Topeka Owls, which last operated in 1954.

It was felt in Topeka that the debt left by the old Class C Western Association club would be too great an obstacle. The necessity of settling the old debts in addition to raising an estimated \$50,000 for a new set-up has acted in the past as a damper to the resumption of professional baseball.

But a Topeka Owls attorney told the Topeka sports committee there is a possibility debts left by the old club may be settled for a fraction of their apparent total.

And Hobbs said in Lincoln that he had received a ruling from the National Association of Minor Leagues which would work in Topeka's favor.

The ruling is that a new corporation would not be responsible for any tax bills against the old Owls. Tax liens make up the bulk of the debt.

Trifling

Hobbs said the other debts are "trifling," and that much of the amount owed in Topeka might be discounted or charged off by local merchants.

Hobbs and other Western League officials suggested an attempt should be made to sell stock in a new baseball corporation. They suggested that a minimum of \$50,000 be raised. The city must pay \$1 for a franchise and deposit \$10,000 to match the amount each of the other seven clubs has on deposit with the league.

Paul Heinz Jr., sports committee chairman, said Topeka will try to have an answer by the time Western League directors meet in Lincoln Jan. 8.

Hobbs said that meeting may be postponed until Jan. 15 to give Topeka more time.

Lincolnites Help

Accompanying Hobbs to Topeka were E. R. Saltwell of Des Moines, league treasurer; J. Vaulk Risser, a director of the Lincoln Baseball Club; and Dick Wagner, Lincoln general manager.

The group offered its services on call to Topeka officials in their efforts to organize.

Should Topeka's answer be "no," the Western League will be faced with the problem of getting a team which would fit well in the eastern half of the league—that is, within traveling distance of Lincoln, Des Moines and Sioux City.

Topeka fills the bill perfectly but should that city not be able to organize, Hobbs has two other Kansas cities and a South Dakota city in mind.

They are Salina, Kan.; Hutchinson, Kan.; and Rapid City, S. D.

Falls City defense for 23 field goals Wednesday night and beat the Tigers, 58-43, to end their pre-Christmas play with a 22 record.

The Rockets won simply by getting more good shots than the visitors. Rudy Stoehr, Wayne Hester, Don Wenzl and Duane Steffen were often left with clear shots and they hit them.

Stoehr scored 17 points before fouling out with almost five minutes left. Hester got seven points in the first quarter and then spent most of his time operating as a "feeder," but he finished with 11.

A shuffled Northeast lineup, which included three new starters, got away to a first a 7-0 lead and then a 14-3 lead.

Two fast buckets by Jerry Collier brought Falls City closer but Northeast led after the first quarter, 16-7.

Roger Bailey and Larry Newburn were new faces in the Northeast starting lineup, and they performed well. But it took one of the replaced starters, Don Wenzl, to keep Northeast in command during the second period.

Wenzl made three key field goals in the second quarter. Each one came after Falls City appeared to threaten, and they helped Northeast to a 26-18 halftime lead.

Stoehr scored four straight baskets at the start of the second half to give Northeast a 12-point edge.

Big Mickey Cochran scored eight points for the Tigers in the last quarter but Falls City could come

Kansas Stops SMU 62-58

LAWRENCE, Kan. (AP)—Kansas came to life in the second half and used an effective zone defense to upset Southern Methodist 62-58 in a non-conference basketball game Wednesday night.

SMU whipped the Jayhawks 81-61 Saturday night at Dallas.

The Mustangs narrowed the Kansas lead to 59-58 with 2:55 remaining, but the Jayhawks put on a spirited last ditch flurry that featured excellent ball-control.

The loss was Southern Methodist's second in eight games.

Guard Maurice King of Kansas was the game's high point producer with 20. Center Jim Krebs of the Mustangs had 19.

The score was tied four times in the first 13 minutes before Krebs, Don Morris and captain Joe Krog sparked the visitors to three six point leads.

But then Kansas, with King and captain Dallas Dobbs showing the way, tied the score at 20-20 with 5:40 left. The half ended 28-28.

The score was tied three more times and the lead changed hands seven times before Kansas went ahead 43-42 on a layup by Center Lou Johnson with about 10 minutes to go.

The Jayhawks stayed ahead the rest of the way.

Recruiting Violations Net Auburn \$2,000 Fine

BIRMINGHAM, Ala. (UPI) — Southeastern Conference Commissioner Bernie Moore Wednesday fined Auburn \$2,000 for giving \$500 each to twin halfback prospects.

The school's president said he believed another conference member also should have been penalized.

Moore said Harry and Robert Beaube, star backs at Gadsden, Ala., were given the money Nov. 28 by Hal Herring, assistant Auburn coach. The money was returned the following day.

The \$2,000 fine, largest in the

BYU Defeated By Wolfpack

RALEIGH (UPI) — Sparked by the uncanny tap-in ability of center Ron Shavlik and fantastic speed of guard Vic Molodet, North Carolina State's second-ranked Wolfpack smashed fifth-ranked Brigham Young, 95-81, Wednesday night before 10,500 fans in Reynolds Coliseum.

The victory was State's eighth this season and 20th in a row over a two-year span, a new school record. It was the first loss for the Cougars who were nursing a six-game win streak.

State pulled to a 45-39 halftime lead mainly on the sharpshooting of the speedy Molodet, who Coach Everett Case says is the fastest man he ever coached.

BYU, playing a man to man defense, did considerable fouling in the first half and watched State score 17 of 20 foul shot attempts. State, playing a zone, meanwhile saw BYU make only 6 of 7 foul shots.

Shavlik scored 28 points for the Wolfpack while Molodet was good for 25 John Maglio, Molodet's tricky mate at the guard post, sank 22.

For Brigham Young, now making its first invasion of the East, tiny Terry Tebbs, the Cougars' 5-8 guard, sank 26.

State took the lead for good at 22-21 midway in the first half. Late in the game the Wolfpack led by as much as 19 points, at 82-63, when Case put in the subs.

Indians Have Top 2 Fielding Shortstops

NEW YORK (UPI) — The Cleveland Indians, who last month acquired Chico Carrasquel from the Chicago White Sox, Wednesday discovered they had the American League's top defensive shortstop in George Strickland.

The official fielding averages revealed Strickland, along with catcher Jim Hegan and outfielder Gene Woodling represented Cleveland on the "all fielding" team.

The Indians also took club honors, nosing out the White Sox .9814 to .9813 and ending the Chicago reign which had existed since 1952.

Strickland paced the shortstops with a .976 fielding mark, three points higher than Carrasquel, who was traded with Jim Busby for Larry Doby.

Hegan was the catching leader with .997 with Chicago's Sherman Lollar second at .995.

Woodling, who played for both Baltimore and Cleveland, edged Mickey Mantle of New York and Jim Delsing of Detroit. The veteran outfielder wound up with .9952. Mantle had .9948 and Delsing .9945.

Norm Zauchin of the Boston Red Sox was the only rookie to lead on defense. The husky first baseman edged Chicago's Walter Dropo .9951 to .9948.

The other leaders were Gil McDougald of New York, who headed the second basemen with .995, and George Kell of Chicago, the top third baseman with .9763. Grady Hatton of Boston was right behind Kell with .9757.

Flying Milkman Beats Iharos In Three-Mile

. . . Runs Final Quarter In 61 Seconds

MELBOURNE (UPI) — Dave Stephens, Australia's "flying milkman," ran the great Sandor Iharos of Hungary into the ground for the second time in five days Wednesday, winning a special 3-mile race in raw, biting rain.

The 24-year-old geology student, who used to run without shoes, staged a blistering finish to win the event in 13 minutes, 37.6 seconds. He streaked the final quarter-mile in 61 seconds.

The skinny bandy-legged Iharos who bettered six world distance records during the past year, came in 30 yards behind in 13:42.3, badly beaten after leading in the middle stages of the race. Dave Power, another Australian, was third, 19.2 seconds back of Stephens.

Not Impressed

Stephens, who has replaced milker John Landy as Australia's No. 1 foot racer, was not ready to exult over his successes over the iron

Wake Forest Wins Tourney

By KEN ALTYA

CAROLINAS, N. C. (UPI) — Wake Forest, living up to its role of favorite, pulled away from Clemson in the last half Wednesday night to win the Carrousel Basketball Classic 95-79 in runaway fashion after a pristine first half that saw the teams shoot it out on even terms for 18 minutes.

Junior forward Jack Williams, back in school after a service hitch, threw in 27 points and a fine pair of gritty little guards, Jackie Murdoch, with 24, and Ernie Wiggins, with 20, combined to form a devastating attack that was too much for Clemson.

Colgate overcame a 23-point deficit to win third place from Tennessee, 37-33, and Mississippi State stopped Florida State, 79-71, in overtime for the consolation.

Tennessee was the hottest thing to hit the tournament for the first 10 minutes, running up 36-15 lead. The Vols held a 56-40 half-time edge.

Then in the last half, Tennessee cooled off and Colgate started to roll with caggy Joe Stratton lighting the fire. The Red Raiders tied the score at 76-all with 5 minutes to go and it was a dogfight the rest of the way.

Oliver Henke, promising All American halfback of 1951, is the most inaccurate passer in Ivy League history. He completed 172 of 289 passes, 35 going for touchdowns.

**Pairings Set
For 'Tip-Off'**

OMAHA (INS) — Pairings for first-round games in the NAIA "Tip-Off" tournament in Omaha December 28-30 were announced Wednesday by Al O. Duer, executive secretary.

Gustavus Adolphus and Regis College of Denver will clash in the opening contest. Creighton University and East Texas State, defending National NAIA champions, are paired in the second game. Southeastern Oklahoma will meet Texas Southern in the third game and Omaha University and Western Illinois will round out the first night of play.

Winners meet in the semi-finals the night of December 29th and the championship game will be played the night of December 30th.

Oil Discovery Halts Abandonment Plans

**Find Is First
In Garden Co.**

OSHKOSH, Neb. — Garden County's first producing oil well was brought in Wednesday only a few hours after a decision had been made to abandon it.

The well is the Richardson No. 1, on the Ida Richardson farm 5 miles northeast of Oshkosh. There was 1,740 feet of mixed oil and 1,560 feet of clear.

Drillers, who had already gone to J sands, had decided to abandon the well Wednesday, but made an electric log. It showed oil in the D sands which drillers had already gone through.

The oil was found at 3,240 feet.

Brinkerhoff Oil Co. has the well on a farmout from Sohio. Hose-Austin Co. of Denver was the driller.

Many tries had been made for oil in Garden County prior to Wednesday's success. The nearest producing oil well is 40 miles southwest.

Omahan Dies Of Suffocation

OMAHA — An elderly man was found dead by firemen Wednesday in the basement of a burning North Side house where he lived alone.

He was identified as Walter Williams, about 70.

Acting County Coroner George

Nebraska News

Sullivan said the man apparently died of suffocation.

Chief Investigator Daniel Mulcahey said Williams apparently was trying to thaw water pipes, perhaps with kerosene — soaked rags. Water was found still running in a nearby sink. He said the man could possibly have suffered a heart attack and been trapped when the fire broke out.

McCook Oil Well Shut Down; Spring Development Seen

MCCOOK, Neb. — The Chris Fritz oil well about 14 miles southwest of McCook, has been shut down it was announced.

But the well four miles west of Waujeta was down to 2,600 feet at the time.

Experts said the Fritz well was not a satisfactory pumper because there was not enough pressure and fill-up in the pipe. They promised more oil development in the area before spring, however.

The Waujeta well is being drilled by Jones, Shelbourne and Farmer, Inc. It is a farm-out from Joe Rothmeier of McCook.

Prison Terms Given To Pair

NORTH PLATTE, Neb. — Two men charged with robbery in connection with the beating and robbery of Jim Kantaris, North Platte, cafe operator, Dec. 3 received reformatory sentences Wednesday.

District Judge I. J. Nisley sentenced Leo Roblyer, 22, of McCook to 7 to 8 years in the reformatory and Charles B. Mayhew, 20, of McCook to a term of 8 to 10 years.

Both men pleaded guilty.

Chapman Dodged Death Twice In Previous Mishaps

GRAND ISLAND, Neb. — Lt. (JG) Vernon R Chapman Jr. had two narrow escapes from death before losing his life in a runaway jet plane at the Lincoln Air Force Base.

While in training in California, Chapman was seriously injured in a car-train collision near San Francisco, and was in a naval hospital for several weeks.

After being released in time to join his unit, he served from August, 1952, to December, 1953, as a fighter pilot in the Philippine Sea.

Shortly before he left active service, his plane plunged into the Japan Sea as it left a carrier. He was rescued by a helicopter only seconds before he would have been drowned.

REA Unity Meet Split Over Loans For Power

By BILL DOBLER
Star Staff Writer

A spirit of unity seen Wednesday at a meeting of 30 Nebraska rural public power districts was shattered by the last minute introduction of resolutions to approve federal REA loans for projects proposed by the Nebraska Public Power System and the Central Nebraska Public Power and Irrigation District.

Neither resolution was passed but argument was heated both for and against each. Another meeting of the group was scheduled for Jan. 6, at which time the two measures will be taken up again.

With only five of the state's rural districts absent, the group had gathered to consider adoption of a new set of articles of incorporation and by-laws for the Nebraska Rural Electrification Association. It was hoped that this would give all rural power districts a new foundation on which they could become united.

The purpose of the meeting was accomplished as 25 of those districts represented voted for the articles and by-laws. The other five districts present didn't vote.

The new constitution and by-laws will now be submitted for formal approval by the board of directors of each district. Two-thirds of the NREA member districts must approve the new articles and by-laws before a united operation under them could begin.

Last year, 14 NREA members broke away from that organization to form the Nebraska Rural Power Association. While members of both organizations give informal approval to the new articles and by-laws, it was clear the action did

not remove those contentions which caused the split.

The basic issue which divided the rurals was the question of who should build additional generating facilities in the state—NPPS or Consumers. It was about the same question in another form which muddied the waters at the joint by-laws meeting.

Tri-County Project

One resolution introduced to the group was an endorsement of a Central Nebraska proposal to build and operate a 100,000 kilowatt steam generating plant near Lexington. The resolution would have approved a \$6 million or more loan from the federal Rural Electrification Administration for this purpose.

The other resolution endorsed a \$7,215,000 proposal by Nebraska Public Power System to construct transmission lines, sub-stations and associated facilities. This project, involving no generation, is proposed to be financed through bonds sold by the Loup River Public Power District to the REA and on the public market.

Power interests generally agreed that without endorsement from the NREA's, there is no chance of a loan from the REA for either project.

Interest Rate Talked

One NREA source opposed the resolutions unless they carried a stipulation that all financing other than the money received from REA be obtained at an interest rate of not to exceed 3½ per cent. REA money carries 2 per cent interest.

Those who opposed NPPS generally construction based their action on the System's high interest rates. The going rate for bonds of Consumers is said to be about 2½ per cent.

Opposition to the resolutions because of current REA loan policies was expressed by Al Chantry of Westpoint, manager of the Cumming County Public Power District.

Commitment Argued

Chantry said he would be opposed to any REA loan if it committed additional rural power requirements. That is, if the loan reduced the extent to which the REA would finance additional facilities constructed by the rurals.

The REA has taken as security

not loans the kilowatt requirements of the rurals. If all rural requirements were eaten up in loan securities, there would be no room for additional REA loans.

There is also the question, said Chantry, of who should build generating facilities. Perhaps, he said,

Crash Of Airliner Kills 17

JACKSONVILLE, Fla. (AP)—All 17 persons aboard a Boston-bound Eastern Air Lines Constellation died when it crashed and burned in Wednesday's early morning darkness only seconds from the landing strip.

The toll pushed the number of dead and missing from three Florida crashes involving five planes in the past three days to 31. Two other crashes were military craft.

The Constellation was about a half mile from an airport runway making an instrument landing when it struck a clump of trees and crashed.

The craft plowed into a chicken coop, an unoccupied house trailer, and snapped off a large oak tree and several pine trees.

The wings were sheared off, the lowered landing gear wrenching off the fuselage and the engines torn from their mountings.

The terrific impact scattered debris along a path 100 feet wide and 200 yards long.

The pilot—Capt. Tom McBrien of New York—had talked to the airport control tower seconds before the crash and everything aboard the plane burned and a craft on course. The airport reported a 300-foot ceiling and a half-mile visibility.

Some of the 83 bags of mail aboard the plane burned a number of partly burned and soggy \$50 and \$100 bills were recovered from the debris.

In addition to the 12 passengers and crew of five, the airliner carried the body of an Eastern Air Lines accounting department employee, being sent to Washington, D. C. for burial.

The REA has taken as security

Zany Antics Of Government In 1955 Give Nebraskans A Hearty Chuckle

By BASIL RAFFETY
Associated Press

The ways of government, often confusing, furnished some of the best chuckles of 1955.

The Lincoln County Welfare office spent \$77 to install a bathroom for an elderly North Platte woman and then discovered there was no plumbing in the house.

An Omaha traffic cop passed out a batch of tickets calling for a Feb. 30 court appearance.

U.S. Marshall Bill Raab of Omaha trussed up an Omaha Kiwanis Club member in a deft

demonstration of how to handcuff and chain a dangerous prisoner—and then had to escort him back to the office in chains because Raab had left the key there.

Which Was Which?

The Nebraska Legislature one day killed a bill which would have permitted the use of live birds in field trials for dogs. The next day it passed a bill permitting the sale of birds shot in field trials for dogs. A North Platte meteorologist helped prepare a blizzard forecast and then set out on a week-end trip which landed her smack in

the middle of that blizzard. She and her family spent 19 hours huddled in their car before rescuers reached them.

With such a zany example in high places Nebraskans made a generous contribution to the lighter side of the news in 1955.

Golfing Lesson

Crack Golfer Jean Hylton of York snatched a golf ball from her husband's supply for an afternoon foursome and piled up a staggering score for seven holes. Then, one of her partners noticed the ball was an egg-shaped trick ball.

A woman walked into a Nebraska City butcher shop and demanded exactly 6½ pounds of beef.

"I've lost six and a half pounds dieting," she explained, "and I want to see what it looks like."

Just Slip And Hat

A Lincoln man hustled the baggage down to his car after checking out of a hotel in another city and then waited impatiently for his wife to follow. Finally he went back upstairs and found his wife clad in slip and a hat. He had packed all her dresses and carried them to the car.

Officials at an Omaha school were baffled by the disappearance each day of part of the milk supply brought in for pupil's lunches. Then they discovered that neighborhood dogs were looting the cases of milk and making off into the weeds with the paper cartons of milk.

Omaha police picked up an elderly man at the public library assumed to be a loiterer. But he showed them a billfold with nearly \$3,000 in cash there in and a bank book with deposits over \$3,000. "I'm the best coal shoveler in these parts," he explained.

Left Calling Card

A 23-year-old man who had applied for a job with the Omaha Police Department was welcomed with open arms. Police had found his application lying on the floor

ADVERTISEMENT

She Says Baker's Best For Dandruff-Itchy Scalp

RIVERTON, Nebr.—Mrs. J. V. Woods, says: "I had given up hope of ever getting relief from the misery and embarrassment caused by dandruff and itchy scalp. I heard about Baker's Hair Tonic, and what it had done for others, so decided to try one more thing. It is really wonderful, and I want everybody troubled with dandruff and itchy scalp to know about it."

The Maker's Guarantee:

Baker's Hair Tonic will do the job on dandruff and itchy scalp.

Baker's Latherin Shampoo will make your hair look better, or Money Back.—Ad.

of a home where a woman reported an intruder attempted to make love to her.

Patrolman Darrell Brock of Omaha parked his car across the street from Omaha's Police station and in 70 minutes issued 10 tickets to drivers who ran the stop sign there.

In Stapleton Editor Mentor A. Brown had his press clanking at top speed getting out the weekly Enterprise. When he shut off the press and looked out firemen had hoses strung all over the area and water dripped from the roof as they battled a blaze three doors away.

Deputy Sheriff M. C. Nelson, en route from Iowa, put his prisoner in the Omaha city jail for safekeeping overnight. The next morning when he went to claim him, Nelson saw another man in

police court he had been after for five months.

For the superstitions there were these tid-bits in 1955.

The No. 5 horses got a bit play at the Grand Island races on the fifth day of the fifth month of the year 1955. It didn't work too badly until the fifth race when the No. 5 horse ran fifth.

Will there ever be another year like 1955? Yup, 1956.

1955 Banner Year For Irrigation In Nebraska

By BILL N. DEAN
Associated Press Staff Writer

Irrigation took hold in Nebraska this year as never before.

Pump irrigation led the way.

For years pumping has been playing second fiddle to stream diversion in the Nebraska irrigation picture. Now it's a 50-50 proposition.

It's estimated some 3,000 irrigation wells were put into operation in the state this year. John C. Steele, assistant extension engineer at the University of Nebraska,

says the total number in the state is probably close to 15,000.

Not long ago, crop statistician A. E. Anderson reported that 1,400,000 acres are under irrigation at the beginning of 1954 to 11,782 at the end.

Pumps Supply Half

Three or four years ago, Steele explains, about 60 per cent of the total irrigated area was watered by stream diversion.

But in the last two years pumps have been supplying water to about half the irrigated land.

In a broad sense, the current irrigation boom is a two-year development. The total number of wells in the state rose from 9,305 at the beginning of 1954 to 11,782 at the end.

One of the most spectacular advances was made in the area south of the Platte by offering natural gas to farmers as a source of power for their pumps.

Kansas-Nebraska Natural Gas Co. began laying a network of gas lines for that purpose.

350 Last March

While gas powered wells had been used before, they never had been used on a scale such as that proposed for the South Platte area.

Last March there were 350 pump irrigation wells in Nebraska powered by gas from Kansas-Nebraska lines. The other day the firm reported it is now serving 1,400 wells.

Still, this is not the biggest area of well development. The areas around Aurora and York saw more concentrated use of well irrigation, Steele said. Hamilton County alone has 500 wells.

That's a whopping investment at around \$4,000 a well.

The last two years have been

All Grain Futures Make Sharp Rally

CHICAGO (P)—Grain futures rallied rather sharply Wednesday on export news.

Soybeans were firm throughout on export reports and earlier had acted as prop to the rest of the market.

Soybean futures were up more than two cents a bushel most of the time on reports that Formosa had bought 1,000,000 bushels of domestic beans.

Grains rallied later on prospects for additional export sales, edible oils also rose in the new future.

Wheat closed 4¢ to 14¢ higher, corn 14¢ to 15¢ up; oats 4¢ lower to 14¢ higher and rye 4¢ to 14¢ up.

Soybeans closed 1¢ to 2¢ higher and hard 1¢ to 2¢ cents a hundred pounds higher.

Markets At A Glance

NEW YORK (P)

Stocks—Higher; aircrafts strong.

Bonds—Lower; changes narrow.

Cotton—Higher; trade buying.

Wheat—Higher; firmed with soybeans.

CHICAGO:

Corn—Higher; light receipts.

Oats—Firm most of day with corn.

Hogs—Mostly steady to 25 cents lower; top \$12.00.

Cattle—Mostly steady to slightly higher; steer top \$24.50.

Mart Makes Best Advance In Month

NEW YORK (P)—The stock market stepped ahead Wednesday with its best advance in a month.

Aircrafts, prime movers in the market, had plenty of help from steels, motors, oils, rails and others.

The aircrafts have been strong favorites for many days as Washington estimates on defense spending mount.

Plus signs were in aircrafts. Many gains of \$1 to \$3 were scattered generously in key places in the list.

The New York Press average of 60 stocks was up \$1.30, largest rise since Nov. 22, and it closed at \$179.50.

The industrial component of the average was up 1¢, 90, rails up \$1.60 and utilities up 10 cents.

Business expanded to 2,540,000 shares on the rises compared with 2,280,000 traded.

The American Stock Exchange was higher on volume of 970,000 shares as compared with 1,020,000 Tuesday.

AP COMMODITY INDEX

NEW YORK—The Associated Press weighted wholesale price index of 35 commodities Wednesday advanced to 175.7.

Previous day 175.14, week ago 173.75, month ago 170.43, year ago 172.22.

The industrial component of the average was up 1¢, 90, rails up \$1.60 and utilities up 10 cents.

Vaccine Saved 1,200-1,300 From Polio—Report

NEW YORK (AP) — From 1,200 to 1,300 children probably were saved from infantile paralysis by the Salk vaccine program in 1955, a study indicated Wednesday.

He said statistics gathered by the Foundation also show that the

polio hospital cases among children who received the vaccine—7 and 8-year-olds—dropped much more sharply than among other groups.

Pattern Dent

"Man has dented the nationwide pattern of polio attack with respect to different age groups," he said.

He said hospital admissions decreased 52 per cent for 8-year-olds, and 40 per cent for 7-year-olds, compared with a decline of

only 17 per cent for the total population.

For children 15 through 19—not included in the vaccine program—the rate dropped only 12 per cent.

"Usually, 7 and 8-year-olds are among those with the highest polio attack rates," he said. "This year, however, they are falling below usual levels."

The rate for 8-year-olds has fallen so sharply that it may wind up in 1955 below the rate for 10 to 14-year-olds."

Narrow Escape

BOSTON (INS)—A North Carolina Navy pilot and a crew of three had a narrow escape from death when one of the engines on an AJ-2 "Savage" plane sheared off clean and dropped into the Atlantic Ocean 30 miles off the coast.

Lt. Lewis Millsaps, USN, Ashboro, N. C., succeeded in coming into Logan International Airport for an emergency landing with the other engine.

Except for the lost engine and a tire which blew on the airfield, the plane was undamaged. The four aboard were only slightly shaken up.

35 NU Students Into Ag Honorary

Sixteen University of Nebraska sophomore and 19 junior men were honored for outstanding scholastic achievements by Gamma Sigma Delta, honor society of agriculture.

Dean W. V. Lambert of the University's college of agriculture is national president of the society.

Those honored were:

SOPHOMORES

- Otto Schipporek, Ainsworth.
- Wilfred Schulz, Eustis.

Most Offices, Stores Plan To Close For Long Christmas Holiday Weekend

Government offices, banks and most stores will be closed Monday in observance of the Christmas legal holiday.

Because Christmas Day falls on Sunday this year, Monday will find offices and facilities of the city, county and state closed.

The Lancaster County Courthouse will be closed for the long weekend. The County Board has authorized the Courthouse to be closed the preceding Saturday. Normally the Courthouse is open until noon on Saturday.

City Hall will be closed Saturday, Sunday and Monday.

The state Capitol will close at noon Saturday to reopen on Tuesday morning.

The Antelope Park Zoo will be closed Sunday and Monday.

At the postoffice regular weekday schedules will be in effect Saturday but no window facilities will be open Sunday or Monday.
